Hi, my name is Ben Trefry! I'm working as a library substitute this summer. I grew up in Mono City, and I'm back for the summer from Berkeley, where I study Computer Science. My favorite book of all time is *Carry On* by Rainbow Rowell, and I also recently enjoyed *Erosion: Essays of Undoing* by Terry Tempest Williams and *Miracle Country* by Kendra Atleework. All of these are books we have at the library!

We're also collecting book recommendations from you to post on the shelves—a great way to promote your favorite books for others to enjoy! Find review templates in the library, or email a brief review to bentref11@gmail.com.

Do stop by sometime and check out all our great little library has to offer!
—Ben
